In my work as a nurse, many skin disease cases came under my observation, and I always recommended the Cuticura Remedies. One case was that of a friend who, when a child, was afflicted with eczema which covered her face and hands entirely. She could not go to school as the disfiguretient looked terrible. I told her to get a set of the Cuticura Remedies. After the use of only one set she was perfectly well. Another lady had dry salt rheum in both palms of her hands every fall, and the Cuticura Remedies cured her. I have also seen them cure children of ringworm. The children's faces would be all circles and rings around the cheeks and the neck, and after treatment with the Cuticura Soap and Ointment, they were completely cured. My husband had fine massed on his arm and I ured the Cuticura Ohtment. It made his rim as limber and nice, whereas it was quite stiff before. Last May I had an ingrowing toe nail which was very painful. I cut the nail out and applied Cuticura Ointment. In less than ten nights it was all heated. Ten days ago, I had my left hand and wrist burned with boiling lard, and Cuticura Ointment has completely cured then." (Signed) Mrs. Margaret Hederson, 77 High-

bin has issued an illuminating pamphlet of statistics showing concisely the standing of Connecticut towns, as what the work of the tax commissioner's office really is. The pamphlet reviews the tax rates in the different parts of the state and makes nteresting comparisons and strikes averages that are still more interestrelief and tax collectors, is covered in an abbreviated form, shorn of the uninteresting part, showing how the different towns stand in the commissioner's office.

Wethersfield and Woodstock pay their assessors the lowest wage, \$1 a day. The assessors in Wolcott, Bozrah, Columbia and Bolton have jobs that may be termed as "snaps," putting in four days a year in each town in making up the lists, while the maximum time is put in at Hartford, New Britain, New Haven. Waterbury. Stamford and Bridgeport, where the assessors labor the year round. Andover boasts of having the smallest number of tax lists, showing only 140, while In the neighborhood of fifty of the members of Norwich grange, No. 172, Patrons of Husbandry, passed a delightful evening Wednesday as guests of Mr. and Mrs. John E. One advantage of a small town is that it reduces in preportion the number of kickers in it. The pamphlet would indicate that the minimum number of these live in the towns of Bridgewater. Thomaston, Bethany, East Haven and Killingworth, where the boards of relief sat only two days last year. The boards of relief in New Haven and Middletown established a maximum number of days' work, sitting 30 days. This brings Middletown's board in line with the biggest city in the state in the amount of work the board had to do, a sort of an echo from the series of disruptions echo from the series of disruptions in that town since Mayor W.
